Dear Parents/Carers

Parents and children arriving at school this morning will have noticed a police presence. I am writing to inform you that unfortunately over the weekend, Morehall Primary was broken into. This has resulted in minor damage which will be swiftly rectified.

The break in was discovered early this morning and the police were able to conduct their investigations prior to the start of the school day, therefore your children's learning has not been disrupted. If, however your child comes home today worried or upset about the events that have occurred, please do not hesitate to contact a member of the school team, who will be able to offer support and reassurance.

Yours sincerely

Mrs M Sowden-Mehta
Head of School
