Evidencing the Impact of Primary PE and Sport Premium

2017-2018

What is the Sports Premium?

The Government is allocating funding of £150 million per annum to provide new, 'substantial primary school sport funding'. This funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary school head teachers to spend on improving the quality of sport and PE for all their children.

The sport funding can only be spent on sport and PE provision in schools.

Purpose of funding

The funding has been provided to assist in the improvement of PE and sport in schools. The aim is to achieve self-sustaining improvement in the quality of PE and sport in primary schools. It is important to emphasise that the focus of spending must lead to long lasting impact against the vision (above) that will live well beyond the Primary PE and Sport Premium funding.

Department for Education Vision for the Primary PE and Sport Premium

All pupils leaving primary school physically literate and with the knowledge, skills & motivation necessary to equip them for a healthy, active lifestyle and lifelong participation in physical activity and sport.

Expectations of school improvement

It is expected that schools will see an improvement against the following five key indicators:

1. the engagement of all pupils in regular physical activity to promote healthy active lifestyles
2. the profile of PE and sport being raised across the school as a tool for whole school improvement
3. increased confidence, knowledge and skills of all staff in teaching PE and sport
4. broader experience of a range of sports and activities offered to all pupils
5. increased participation in competitive sport

How have Morehall Primary School decided to spend the sports funding?

At Morehall we have decided to spend the sports funding to increase the confidence, knowledge and skills of all staff in teaching PE and sport, raise the profile of sport within the school and increase the participation the children have in competitive sport. The school is working towards achieving School Games Bronze award and has aspirations to continue this development through to the Gold award.

- This report will be updated at the end of each academic year to identify the success of our initiatives and the impact they have had.

- Delivery will be monitored by the PE coordinator in the first instance. This will be overseen and managed at Senior Leadership level.

- Monitoring of teaching through drop-ins and participation in extra-curricular activities run by school staff, volunteers and outside agencies to ensure that provision is of high quality.
